

Bowerbank Not Serious Says Board

Sewage disposal facilities at Resthaven School on Bowerbank Road could easily malfunction during the rainier parts of the school year, but the situation is not considered serious because the board of school directors has decided to connect the new building to Sidney's collection system.

This was the gist of a letter received by Sidney council last week concerning sewage facilities on Bowerbank Road. The letter was signed by D.G. Anderson, public health inspector for the Greater Victoria Metropolitan Board of Health.

"Partly through observing the soil in the area and partly through a discussion with the principal of the school, we would state that sewage disposal facilities here could easily malfunction during the rainier parts of the school year," the letter said.

"The very heavy soil and the high water table at this time of year combine to cause a potential malfunction of the system at any time. The principal stated that the trouble had been experienced earlier in the year when the rainfall and the ground water conditions were at their worst."

"We can only state that this system does represent a potential hazard although at the time of our inspection, it appeared to be functioning normally. Because this is the case, we are most happy that the board of school directors have decided to connect the new building to the town's sewage collection system."

Bylaw Hearing

Central Saanich's comprehensive new zoning bylaw will be given a statutory public hearing at the municipal hall, Saanichton, on Thursday, April 5 at 7:30 p.m.

It was after 11 p.m. last Monday evening when council adjourned the regular meeting to go into committee in order to study certain implications of the proposed new measure to regulate land use in the municipality.

Recommendations are the result of a long study and preparation by the Capital Region Planning Board.

W. D. H. H. H.

The following is the meteorological report for the week ending March 19, furnished by the Dominion Experimental Station.

Maximum tem. (Mar. 15)---	51
Minimum tem. (Mar. 15)---	29
Minimum on the grass-----	20
Precipitation (inches)-----	72
1967 Precipitation (inches)---	13.82
Sunshine (hours)-----	21.8

Downey Road Lady Descendant Of Father Of Confederation

Canada's Fathers of Confederation were a prolific group and a surprising number of their descendants have chosen to reside in this area. Previously The Review reported that Mrs. J.W.C. Barclay of Deep Cove and Donald K. Archibald of Curteis Point were descendants of Canada's founders. This week another lady joins their number.

She is Mrs. John Lapham of 540 Downey Road, Deep Cove. Her illustrious ancestor was Edward Barron Chandler, one of the Fathers of Confederation.

Mrs. Lapham is the sixth generation of her family to be born in Canada but because her ancestors on both her father's and mother's side were United Empire Loyalists, it is quite probable that the number of generations is much greater.

Moreover, Mrs. Lapham herself is a youthful grandmother, so two more generations follow her.

Edward Barron Chandler was born in Amherst, Nova Scotia, in 1800. He was elected to the Nova Scotia House of Assembly in 1827, representing Westmoreland until 1836 when he was appointed to the Legislative Council where he remained a member until 1878. He attended both the Charlottetown and Quebec Conferences and was a member of the first administration of New Brunswick after Confederation, from 1867 to 1869. In 1868 he became a commissioner for the construction of the Intercolonial Railway. He was appointed Lieutenant-Governor of New Brunswick in 1878. He died in 1880 in Fredericton, N.B., and is buried in Rockland Cemetery, Dorchester, N.B.

Chandler, the elder had a son, also Edward Barron Chandler. The latter took no interest in a political career. He ran away to sea to get away from it all. Returning from his voyages, he married and had four children. His daughter, Grace, married Lee Peters of Winnipeg.

Mr. and Mrs. Peters had a daughter, Frances, now Mrs. Laurence Herchmer, a widow residing in Victoria. She was born in Winnipeg where she married. Her husband's uncle, the late Colonel Laurence Herchmer, was well known as a commissioner of the North West Mounted Police.

Laurence Herchmer, father of

SUSAN LAPHAM

--Photo By DANE CAMPBELL

Mrs. Lapham, was seriously wounded in the First World War. He moved to North Saanich in 1921 for health reasons and his daughter, Susan, was born in Victoria. She has one sister, Barbara, the wife of Eric Graham, director of studies at Royal Roads.

Susan Lapham today lives in the home first acquired by her grandfather, the late Frederick Kirby Herchmer on Downey Road. She is thus the third generation to occupy the same residence in North Saanich. Her husband,

John Lapham, is an electrical contractor.

Mrs. Lapham's daughter, Wendy, graduated from Royal Jubilee Hospital school of nursing. She married Robin Woolard and has one son, Nicholas. The Woolards live in England.

The more local descendants of the Fathers of Confederation will make themselves known, some form of social gathering may be arranged here for centennial year when they may all meet and look back on 100 years of Canadian development.

Firemen Appreciated

"Can you count on the local volunteer fire department?" asked a ratepayer at last week's public meeting in North Saanich dealing with the proposed motel at Curteis Road and Swartz Bay Highway.

"You certainly can!" Reeve

J.B. Cumming quickly answered. "They're an excellent group and can't be praised too highly for the work they're doing and the way they're doing it."

"You're absolutely right there, Mr. Reeve," seconded Capt. J.D. Prentice of Tryon Road.

Upward Reports On Engineering Survey

Key To Water Distribution On Peninsula Is Money

Greater Victoria Water District some time ago directed the engineering firm of Ker, Priestman and Graeme to study the proposed water main which would carry the northern portion of the Saanich Peninsula. R.A. Upward, chief commissioner of the Water District, summarized the findings of the engineering firm at a recent meeting of the District.

Mr. Upward's summary, which will be of wide interest to residents of the Saanich Peninsula, follows:

The general situation in regard to a water supply on the Peninsula is given at length, but the basic issue can be summed up this way:

In 1955, the District along with others were offered the Elk Lake-Put Bay water system, then owned by the Department of Transport, for one dollar. The District refused this offer, not wishing to be involved in a high cost operation or the risks inherent in low quality water, nor to expose itself to the inevitable very costly expansion of the system which would be mandatory and inescapable in a system op-

erated under Public Utilities Commission regulations.

Central Saanich did accept the system and contracted to supply many areas and corporations outside its own boundaries, but the system may not be large enough in 1971 to honor these contracts. Consequently, Central Saanich is now in the position of having to find the capital to enlarge their system. It would be better for Central Saanich if the District stepped in, but the District is not, and had not planned to have finances ready for this move until 1974/75.

It is not at this time a question of the amount of water in Beaver-Elk Lakes. The water level in these lakes stood up satisfactorily in 1966, when water demands were high and since water demands shouldn't increase at more than five percent per year, the lake level should only be lowered another six inches by 1970, and this will occur only in the fall after a hot summer, a not too common occurrence.

If this situation occurs by 1971, and the lake levels prove unsatisfactory, a pipeline or main can be laid in one year so the situation could be quickly remedied

again, provided that money is available. It is obvious the key to this situation is money and who should supply it.

The foregoing is enlarged on, with the inclusion of a report by Ker, Priestman and Graeme on the proposed route of a trunk main to the Saanich Peninsula, and by some general comments and recommendations.

The report by Ker, Priestman and Graeme goes along with a roll of large scale plans for better identification of the route. This report is the result of a study on the ground of various alternative routes and recommends one along the East side of Beaver-Elk Lake. A study of this route ends at the southern boundary of Central Saanich, for from this point north, the ground falls and a gravity pipeline system can be located anywhere.

A compilation of right-of-way acreages has been inserted by the District in the back of the report.

General comments on the water supply to the Northern Peninsula are made under the headings, past, present and future.

Slightly Aged Stamp Used

A valued subscriber to The Review -- a dignitary of no less rank than Lieutenant-Colonel -- this week paid his annual subscription. This fact in itself is not particularly newsworthy. But the envelope in which he mailed his cheque was eye catching. He had affixed to the envelope a four cent stamp depicting the late King George VI. Staff of the newspaper was left wondering if he laid in a large supply of these stamps during the lifetime of Britain's last King. And how many he still possesses.

Questions Asked At Public Meeting

A group of some 30 North Saanich ratepayers attended last Wednesday night's public meeting held at Holy Trinity Anglican Church Hall on Mills Road to discuss the re-zoning of two properties in the community, one concerning a proposed motel-hotel complex near Swartz Bay.

The first re-zoning discussed was the commercializing of the area on which the Deep Cove Store stands.

"It has been a commercial zone for years, but its boundaries have never been defined," Reeve J.B. Cumming said.

There was no one who wished to comment on the change, so the matter was dropped. Council will deal with it at the next regular meeting.

The second topic was about a proposed bylaw calling for the commercial zoning of land at the corner of Swartz Bay Highway and Curteis Road.

At first no one asked for speaking privileges, but after a few minutes' pause, John Elliott of Swartz Bay Road called on R.C. Barlow, owner of the property who is planning the complex, to say something about the motel.

"I believe we have made our project quite clear through the press," Mr. Barlow said.

"Basically, it's to build an inn or hotel, including motel units, coffee shop and gourmet restaurant. This location is good because it can serve the

Third Reading

Latch Decision Now Passed To Council

The two-part public meeting over the rezoning of The Latch on All Bay Road was completed Thursday afternoon in 20 minutes and the rezoning bylaw now goes to Sidney town council for third reading at next Monday's council meeting.

Few of the 30 ratepayers present Thursday had anything to say during the public meeting, but

when a question-and-answer period followed the public meeting, there were a number of questions concerning the proposed subdivision.

One of the speakers during the public meeting was Col. E.M. Medlen of All Bay Road.

"I think the whole question can be boiled down to two basic points," he said, "how the rezoning could affect us, and whether All Bay Road will be found adequate if the subdivision is put in."

Col. Medlen also asked if there is a limit on the size of multiple dwellings.

"Yes there is. It's 30 feet or three floors," replied Mayor A.W. Freeman.

During the open discussion period after the public meeting John Graeme, owner of The Latch, was asked for details concerning his plans. He said he planned to have one area set aside for single residences and another for multiple dwellings, as the proposed rezoning by-law states.

When Alderman W.W. Gardner asked him about playgrounds,

he said municipal laws state that not more than 30% of the area in a multiple dwellings' zone can be taken up by buildings. However, in an area of single dwellings, or "tot lots", as they are sometimes referred to.

"I don't like 'tot lots' because it means small children are drawn to them from the whole area, which means there are many children on the roads. I think parents should provide swings for their youngsters in their own backyards."

"Would our present system of sewers support a subdivision?" asked Col. Medlen.

"I checked with engineers and they assured me the situation would be feasible," Mr. Graeme replied.

George Howard asked how many houses were planned for the proposed subdivision. Mr. Graeme replied that the average lot would be 10,000 square feet.

The discussion ended and Mr. Graeme said he was always ready to discuss his plans with anyone interested in them.

Brentwood Sewer Vote Looming

Progress of the Brentwood Bay sewerage scheme specifications is such that it may be possible to hold a referendum for the approval of the ratepayers before the end of April, states Reeve R.G. Lee.

Engineering studies are well advanced, and the financial structure of the project has been calculated for presentation to the department of municipal affairs, he indicated.

As a safeguard against possible inflation in the estimated cost of the installation the suggested capital requirement has been raised to \$280,000. It does not mean that the total sum will necessarily be expended, said Reeve Lee.

Whether or not a referendum can be held next month will depend on the length of time taken by government departments to approve the proposals, particularly in regard to the financial arrangements, said the Reeve. The scheme must also be approved by the pollution control board.

TREATMENT PLANT

The Brentwood Bay project calls for construction of a treatment plant for processing before disposal of the product into tidal waters. It will serve the area until population growth justifies construction of a trunk sewer to pump effluent from the western area of the Peninsula across country into Georgia Strait.

In regard to the eventual cost of installing new trunk sewers in the area of the capital region, the report of the technical committee has been submitted after several months of study.

Recommended allocations are as follows: Saanich, \$4,600,000; Victoria, \$3,160,000; Oak Bay, \$800,000; Esquimalt, \$600,000; Central Saanich, \$380,000; North Saanich, \$420,000; Sidney, \$150,000, and electoral areas, \$3,040,000.

It is recommended that installation costs should be borne by respective municipalities in proportion to the percentage of the whole within its boundaries, and where existing facilities are used, enlarged or replaced, cost apportionments to be calculated on a 100-year basis.

Maintenance costs should be shared on the same basis as capital costs, the report recommends. While the regional board is the policy maker, each municipality concerned would have a say in the installation and maintenance of trunk lines within its boundaries.

Conclusions and recommendations of the area sewer surveys are concerned with trunk sewers to which lateral lines will eventually be connected.

Rest Rooms Planned For Tulista Park

Sidney Kinsmen have agreed to erect rest room facilities at Tulista Park, town council was told Monday.

The statement came during Mayor A.W. Freeman's reading of the public works committee report. The mayor is chairman of the committee. The report was later accepted by council.

"The Kinsmen have agreed to build the rest rooms," the mayor said, "but first we intend to consult the building inspector concerning the location of the building at the park."

Gerry Flint, chairman of the Kinsmen committee responsible for building the facilities, told The Review the Kinsmen are ready to begin work as soon as they get the official go-ahead from municipal officials.

"We hope to be able to finish it within four weekends once we get started," Mr. Flint said. "It will be all volunteer labor on the part of our members, of course, but right now we're looking for someone who actually knows the proper construction methods to show us how to do the job."

There is also talk of tennis courts being added to Tulista Park, but so far there has been no official word on the idea.

Flag Day Declined

Central Saanich council last Monday declined to associate the municipality with a proposal that February 15 be proclaimed an annual statutory holiday signifying the anniversary of the adoption of the national flag.

"This could be a contentious question. Perhaps one of the larger municipalities could better take the initiative," said Reeve R.G. Lee.

"We have seen some evidence of strong opinion on the flag issue," commented the Reeve. Request to support "Flag Day" with the suggestion that it be associated with winter sports in Canada, was received from the Township of Anse-aux-Loup.

Highland And Irish Dancing Featured

A most successful spring tea was held by the Brentwood Women's Institute in their hall on Saturday, March 18. Introduced by the President, Mrs. J. Burwood, the affair was opened by Central Saanich Councillor, Mrs. Margaret Salt, who spoke of the good work done by Institutes.

The home cooking stall was under the charge of Mrs. J.P. MacFarlane and Mrs. W.J. Fortune, while an interesting table of "Odds 'n' Ends" was manned by Mrs. F.K. Littlewood, Mrs. G. Horner-Harrison and Mrs. M. Webb. Mrs. John Reynolds was in charge of the chicken dinner raffle, and the tea was convened by Mrs. E. G. Woodward, Mrs. B.P. Elgood, and Mrs. F.H. Noble, with the able assistance of Mrs. A.R. Keel at the buffet table.

Visitors found much to interest them in the display of various old bottles of Mrs. J. Bredin and an exhibition of old prints and paintings owned by Mrs. W. R. Bigelow.

The highlight of the afternoon was the display of highland and Irish dancing by pupils of Mrs. Sheila Mallard, most of the children dancing on this occasion

being from her Duncan and Cobble Hill Studio. The program commenced with an Irish Fairy Dance by three wee girls, Susan Minnis, Linda Gait and Kathy Guilemin. This was followed by a spirited Irish jig by Richie Eden and a beautifully danced Flora Macdonald's Fancy by Elaine McKenzie. Great skill and precision were displayed by Leslie Lord in her Sailor's Hornpipe, and two tiny girls, Susan Minnis and Kathy Gilman danced the Irish Jig with vim and vigor.

The tiniest pupil, Linda Gait was captivating with her Highland fling. A sword dance was performed by Beverley Gait, Jane King and Rory McLennan and the beautiful Strathspey and Reel o' Tulloch danced by Heather Lord, Jane King and Ricky Eden. The Inverness Vestry Sword Dance was danced by Dierdre Kauwell, Jane King, Elaine McKenzie and Leslie Lord, with Rory and Donald McLennan sword bearers. The pretty and graceful Shean Truiheres was performed by Jane King, Heather Lord and Beverley Gait.

The final number was a highland fling by seven beginners, all showing great promise,

Hillary Fraser, Sharon Beale, Lisa McMillan, Lisa McMillan, Linda Gait, Susan Minnes, Kathy Gilman and Rory McLennan.

The chicken dinner was drawn for, the winner being Mrs. Walter Scott, of Tomlinson Road.

Business Women's Club Meeting

Many members expressed their desire to attend the Vancouver Island Regional Council meeting at the March 14 luncheon of the Sidney Business and Professional Women's Club held at the Quarterdeck.

The council meeting is to be held at the Qualicum Beach Hotel April 9. Mrs. H.C. Horth, past president of the Sidney club, will preside. Mrs. Horth is regional director for Vancouver Island district. Representatives of all Vancouver Island clubs as well as the Powell River club will attend the conference. Members who have not made transportation arrangements are asked to contact Mrs. Watson Smith.

Notice was given of the coming provincial conference to be held at Pinewood Lodge on the Victoria Day weekend. This meeting has always had a large attendance.

The April meeting of the club will be held at the regular place, 8617 Dencross Terrace, on April 11 at 8 p.m.

Some of the finest soil in the world exists in Iowa where more than 90 per cent of the land is devoted to farming.

In The Tower

Sidney Queen Sheila Harrison (centre) and princesses Julie Cox (far left) and Linda Wilson, with host Bob McAlpine (in rear) and technician Bob Readings, are seen during their recent tour of the control tower of Victoria International Airport.

Sidney Royalty In The Clouds

Sidney Queen Sheila Harrison and Princesses Julie Cox and Linda Wilson were guests of the Victoria Flying Club Saturday afternoon.

Bob McAlpine served as their host and showed them through

the club's hangar at Victoria International Airport. Highlight of the visit for the girls was a half-hour flight over Saanich Peninsula.

"It was really interesting to see Victoria from the air," commented Julie Cox when the trio arrived back at ground level.

Following the flight the girls were shown through the terminal tower.

Easter Cantata In Two Churches

Two performances of Stainer's "Crucifixion" will be given in Sidney churches this coming Easter weekend. T.J. Bradley, as conductor, will direct a combined choir of 50 voices drawn from St. Paul's United and Rest Haven Seventh-day Adventist churches. The cantata is a very popular selection of Easter music, and features tenor and bass soloists, who this year will be Peter Penner and Alfred Greaves respectively. The organist will be Mrs. Sylvia Tkachuk.

The work was written by the Rev. Dr. Stainer for his church choir in London, England, and covers the events of the last few days before the crucifixion. It climaxes with the afternoon death of Jesus Christ on Good Friday.

The combined choirs may be heard at St. Paul's United Church on Good Friday evening at 8.00 p.m. and on Easter Saturday in the Rest Haven Seventh-day Adventist Church at 3.30 p.m. Both of these performances are open to community friends to enjoy at this season.

Fire Hydrants

Requests of Brentwood Water District for a meeting with

Central Saanich council to discuss fire hydrants was discussed by council at Monday's meeting. It was resolved to invite District representatives to meet at the municipal hall at 7 p.m. on April 3, prior to the next regular meeting of council.

BRIDGE RESULTS

At the weekly bridge tournament held last Monday in St. Andrew's Hall the results were as follows. 1. Orin Coates and Rene Taylor. 2. and 3. Ruth Eager and Florence Edwards, Jack Woods and Percy Belson. 4. D.C. Dickeson and C.T. Skinner. 5. Tom Vessey and Helen Tregellas.

Continued from Page 1
there was a cocktail lounge in the plans.

"We do intend to apply for a restaurant licence," Mr. Barlow said.

"Once re-zoning is allowed, will there be anything to stop a beer parlor from opening in the future?" asked Mr. Dinsdale-Young.

"Yes. Provincial liquor laws state that more units are needed than Mr. Barlow is planning," Reeve Cumming answered.

John Elliott was the next to speak. "I'd like to say a few words in support of Mr. and Mrs. Barlow's request for re-zoning."

"I think we're long overdue in having a hotel-motel complex in the Swartz Bay area. I have lived on the highway for 19 years and the line-ups for ferries have been a great bother to me over the years. We have often been bothered by people asking to use our bathroom, and often mothers have asked us to warm their babies' bottles while they wait to get on the ferry."

W.G. Pearce of Inwood Road said, "I didn't plan to say anything at this moment, but the previous speaker mentioned so many of my own views that I feel compelled to back him up."

"The traffic along the highway is chaos, and I feel sorry for him having to warm babies' bottles and so on. However, the same situation exists near the Nanaimo ferry, where a motel with a bar was allowed. It was found there that many people stranded in the traffic line-up for the ferry would dash in for a quick one, and ended up getting sozzled and leaving their cars stranded on the highway. So one form of chaos was replaced by a worse one."

"As for the beer licence, who's to say the Liquor Control Board won't change its mind in the future?"

Dr. W.L. Boulter of Tryon Road asked if the traffic bottleneck for cars leaving the Curteis Road area wouldn't become worse if a motel was allowed at its proposed site.

Reeve Cumming said there's a possibility that the old Swartz Bay Road between Randle's Landing and McDonald Road may be improved, and an overpass is being planned in the area.

Mr. Pearce spoke for a second time. "With one exception, I'm the oldest resident of Curteis Point. I've been here 18 years. Much of that time I've been fighting commercial re-zoning. Recently the Capital Region Planning board said there would be no commercial zoning in this area."

PEACE AND QUIET
"A great many people came to live in this area for this reason. Many of us searched the world over for a place to live. And we found this spot. I found this spot. So we came to live here. For what reason? We were seeking peace and quiet for our later years."

"There are other questions. What about sewers?"
Reeve Cumming said "One of the leading engineers in Victoria has studied the idea presented by the Barlows and says it is financially feasible."

"I'd like to agree with Mr. Pearce. I can't see why such a choice residential area would be commercialized. I sympathize with Mr. and Mrs. Barlow, but I strongly oppose their plan," said George Kirkendale of Kedjo Anchor Road.

Capt. J.D. Prentice also spoke on the subject. "A number have mentioned the expression 'the thin edge of the wedge'. I think our main worry is that this proposed re-zoning will be the start for further commercialization of the area."

Mr. Kirkendale wanted to know if there would be enough water to supply the hotel-motel complex as well as residents in the area.

Mr. Barlow said he talked to Brian Clowes, chairman of the Deep Cove Waterworks, a member of the Sidney Waterworks District, and D.S. Godwin, a Sidney well-driller, and he is certain

there will be no problems concerning water.

Bill Cole of Deep Cove Chalet said he expects to ask Deep Cove for more water this year, and feels there will be quite a problem if the proposed inn is built.

Reeve Cumming spoke on the water situation. "The Greater Victoria Planning Board has made a study, which will be completed soon, on the subject. 'I think it will only be a few short years before we tie up with the Victoria system and have plenty of water.'"

With no further questions, the meeting adjourned.

Sandown Conditions Unimproved This Year

North Saanich Council was told Monday night existing health conditions at Sandown Park are much the same as they were last fall.

This was stated in a letter from the board of health, following an inspector's visit to the park March 3. The two main complaints of the board were the poor sewage disposal facilities and the excess of horse manure found near the stables.

"We think it would be in the public's interest as well as those inhabiting trailers in this area if horse trailers equipped with toilet facilities were forced to use facilities in the central washroom buildings," the letter said. "The impervious clay evident in this area makes it impossible

for private sewage disposal facilities to operate in a manner which does not create a potential health hazard."

"The vast tonnage of horse manure presently in evidence does constitute a breeding ground for flies."

This letter, and two others concerning the park, were referred to committee of the whole without discussion. The other two were from the B.C. Racing Commission and the fire marshal's office. The commission wanted to know where council stood on the matter of racing at the park, and the fire marshal's letter recommended that stables be provided with automatic sprinkler protection.

The question of racing at Sandown Park this year remains unanswered.

Application Passed To Committee

Tsartlip District Boy Scouts' application for tax deferral was turned over to the finance committee by North Saanich council Monday night.

The deferral was sought for taxes on Dawson Memorial Camp, a property owned by Mrs. W.S. Dawson and loaned to the scouts.

"I think we ought to be very careful about giving grants," remarked Councillor F.H. Wilson. Councillor Neil Horth agreed. "I feel the cause is worthy, but we would be setting a dangerous precedent in giving consideration to a private individual."

Reeve Cumming said Mrs. Dawson is lending the Scouts the land, but she expects them to pay the taxes on it.

The application was passed to the finance committee.

Health Centre To Get Ramp

It's almost certain now that there will be a ramp built at the Health Centre in Sidney.

North Saanich council heard a letter from Sidney mayor A.W. Freeman Monday night asking that the council contribute to the construction cost of the ramp. The mayor's letter said total cost is estimated at \$2,200, but if the project is begun before March 31 the provincial government will pay \$1,500. Sidney Kinsmen have agreed to pay \$200, leaving \$500 to be raised.

Councillor Neil Horth said, "I looked into the matter and talked with Dr. Whitbread, the senior health officer, and he indicated we may not have to contribute. He said C.A.R.S. (Canadian Arthritis and Rheumatism Society) may put up the money."

Councillor Horth then proposed that the matter be referred to the finance committee to act with the approval of the welfare committee. This means that if C.A.R.S. doesn't pay the remaining \$500 for the ramp, the finance committee can with the authority of the welfare committee.

Rummage Sale

St. Andrew's Ladies' Guild held a successful rummage sale Saturday, March 18, in the Parish Hall, when the sum of \$351 was realised. Guild members express their warm appreciation and thanks for the many donations of clothing and household goods for this event.

Kathryn Logan Is Best Speaker

Kathryn Logan of the Saanich Hot Weeders 4-H Club was declared winner of Vancouver Island South annual 4-H public speaking contest. Her topic was "A Harvest for the Future", dealing with the problems and solutions of conservation.

June Simmonds, Saanich 4-H Home Arts Club, placed second with her talk on Canada's Centennial. Des Bazzett of the Cowichan Beef Club was in third place with a speech entitled "Food for Thought", covering various aspects of food production.

Alex Hall, agrologist with B.C. Hydro Authority, was in the chair, and introduced the panel of judges comprising Mrs. Lauretta Holdridge, teacher in charge of Braeford elementary school; Dr. Ann Saddlemeyer, associate professor of English, University of Victoria, and Sig. Peterson, director of agriculture development and extension, department of

Agriculture of B.C. Mr. Ivatts, Victoria Kiwanis Club, donors of the trophies made the presentations, and also acted as timekeeper.

In congratulating the winners, K. Jameson, district agriculturist, said that this year's participants were on a par with the high standard of excellence achieved by former winners. Senior section winner will compete for provincial honors at Salmon Arm next month.

Junior section, comprising members of from 10 to 13 years of age, was judged prior to the seniors. Janet Taylor, Luxton Horticultural Club, placed first, and was awarded the Kiwanis Perpetual Challenge Shield. Her topic was "A Minor Miracle", outlining the sowing and growth of a seed. Runners-up were Joan Lord, Saanich Home Arts Club, topic "The Art of Public Speaking", and Pam Jickling, Cowichan Sheep Club, who discussed "The Morgan Horse".

BRENTWOOD

A capacity audience enjoyed a most pleasing concert on Friday evening March 17th, when the Peninsula Concert Orchestra and the Metchoshin Choral Group, both under the direction of Derek McDermott, presented their annual spring concert. The orchestra is a part of School District 63's night school program, and has made splendid progress during its years of operation. An added interest was a display of paintings by the night school's fine arts classes. There were both oil and water colours in the exhibition, many of the works showing a fine artistic sense.

Mrs. Rowland de M. Brown entertained at a troupe tea on Saturday, March 18 for her daughter Wendy, whose marriage will take place in the Brentwood Memorial Chapel on March 25th.

Friends of Dr. and Mrs. John P. Ellis will be pleased to learn that they are progressing favourably after both being patients of the Jubilee Hospital.

Mrs. Whitwell Is Honored

On Tuesday, March 14, the A.C.W. of Brentwood College Memorial Chapel gave a luncheon in the Parish Home in honor of Mrs. J.H. Whitwell who is leaving this week to live in Kamloops. Members of the A.C.W. and representatives of the other church organizations attended. Mrs. E.H. Maddocks for the Evening Branch, Mrs. Campbell Brown and Mrs. Alan Hutchinson for the Alta Guild, Mrs. Wilfred Hankin for the Sunday School and Mrs. E.F. Martin for the Choir.

On Sunday, Archdeacon Madlocks and the wardens, Gordon Lee and Andrew Isaacs, on the behalf of the congregation, presented Mrs. Whitwell with a mantle clock in appreciation of her years of untiring service in behalf of the Chapel since its opening as the Parish Church of Brentwood on July 3, 1949.

CENTRAL SAANICH

Central Saanich Council To Study Sub-Divisions

Central Saanich council will further study the problem of proposed housing sub-divisions in situations where percolation tests have not proved satisfactory.

One such case on property south of Welch Road was considered last Monday on the submission of Holt, Campion and Company. It was said that council prior to the introduction of municipally initiated percolation tests recently.

Council resolved to permit building in the circumstances, conditional on construction of a sand bed filter septic tank installation.

Situation report was read to council by Building Inspector John Durrant. He said that failure to respond satisfactorily to percolation tests should not necessarily condemn land for sub-division.

As the result of extensive enquiries in neighboring municipalities it was his opinion that the system of filter bed septic tanks is more satisfactory and less expensive than the alternate land-fill method, he commented.

In Saanich, said Mr. Durrant, more than 300 such installations had been made with a failure of only four per cent. These break-

downs had been caused by damage in back-filling, he indicated.

Council resolved to give the question further consideration with a view to possible by-law amendment in the future. Close cooperation with the medical authorities resulted recently in the rule that sub-divisions must depend on satisfactory percolation tests to be conducted by the municipality.

Instances had been discovered, said Reeve R.G. Lee where tests certified by engineers acting for sub-dividers had proved to be not valid.

SAANICHTON

Mr. and Mrs. R.J. Spooner, Island View Rd., returned home recently from a two week holiday in California. They were guests of the Doctors William and Barbara Powell of Santa Barbara for five days and also visited friends and relatives in Los Angeles, San Francisco and Sacramento.

Winners at the South Saanich Women's Institute 500 card party on Wed., March 15, were Mrs. W. Willis, Mrs. C. Mullin, P. Meiklejohn and G. Hansen. Hostesses Mrs. C. Meiklejohn

HONOR PIONEERS ON FRIDAY

Central Saanich and Saanich municipalities will combine to honor the centennial pioneers and present medallions at a tea to be held at the Red Lion Motel, Douglas St., on Friday March 31. Reeves Hugh Curtis and R.G. Lee will make the presentations.

and Mrs. P. Spek served refreshments.

Mr. and Mrs. A. Hafer, Central Saanich Rd., returned home Friday evening from a two week holiday in Alamo, California, where they visited with their son-in-law and daughter, Mr. and Mrs. D.W. Briscoe.

Appeal Board To Hear Case

North Saanich council Monday night received a letter from John Elliott, of Swartz Bay Road concerning re-zoning in the area of his property. Municipal clerk M.W.E. Allen said the Zoning Appeal Board is to hear Mr. Elliott's case in the near future. Councillor Davis' proposal to refer Mr. Elliott's letter to the committee of the whole was passed unanimously.

The only President to become chief justice of the Supreme Court was William Howard Taft. He was appointed in 1921 by President Harding.

Centennial Jury Show Is Planned At Alberni

The Vancouver Island and Gulf Islands Centennial Jury Show has received confirmation of the appointment of its jury. Three distinguished men in their field have been chosen: Prof. Ian McNairn - dean of the Faculty of Arts, U.B.C.; Brian Fisher, well known artist and teacher from Vancouver; Tony Inley, Arts Faculty University of Victoria.

A first prize of \$100 (donated by McMillan and Bloedel, Port Alberni) and a second prize of \$50 (donated by the Alberni Valley Art Group) will be awarded on recommendation of the jurors. Two prizes of \$25 each, donated by Alpine Woodcrafts and McVicar Drugs, both of Port

Alberni, will be awarded the two most popular pictures chosen by the viewing public.

Six depots on Vancouver Island will be receiving pictures for the contest: Campbell River - Lavers Store, Courtenay - Lavers Store, Parksville - Shoe Shop, Duncan - Modern Repairs, Nanaimo - Fletcher's Music, Victoria - Greater Victoria Art Gallery.

It is hoped that the artists of Vancouver Island and the Gulf Islands will join this show to make it the biggest and most successful art event on the Island during Centennial Year.

Time: April 20 - 26
Place: Alberni Valley Arts and Crafts Centre, Port Alberni, B.C.

WIT'S END

By WINDSOR

Do you ever watch the animal shows on television? I mean those syndicated, serialized programs like Lassie or Daktari, where every week the animal performs some prodigious feat of intelligent reasoning in order to save the situation.

My family are great fans of such shows, and are firmly convinced that what these creatures do is quite within the bounds of possibility. This is where my family and I agree to disagree. Personally I feel that while these shows are entertaining, if you enjoy a fairly solid diet of squeaking chimps and whining colts, they give about as true a reflection of such animals' real capabilities as does Superman for our ordinary humans. Maybe somewhere there is a Super Dog and a Super Monkey, but as for the rest of them, including the ones we see on T.V., I believe that their intelligence and their ability to reason is strictly limited. Mind you, I'm not saying that they don't think and reason to some extent, but that they don't do it in the almost human fashion in which they are portrayed by the screen writers.

Saying this publicly is going to brand me as a people supremacist and I'll probably get a dinner diet of very tasteless mince until my family has cooled off, but that's life, where one seldom makes a mistake. To show that I am absolutely unbiased on this subject, I do have a true dog story which I think, shows canine reasoning at about its best.

The other day I had an old friend, Sid Roberts, call in to visit me from Vancouver. Sid and I were in the army together and we have since discovered that both of us could have won the war much more quickly, if only our advice had been asked. Unfortunately it wasn't, but that's another story. Today Sid has something to do with lumber, I'm not sure exactly what, but at any rate he's off next month for a two year stay in London. Over there it will be his job to check on any complaints about the quality of our lumber arriving at British or Continental ports, and where these complaints are justified, get them promptly straightened out. This seems like a sound method of promoting good customer relations.

From this we got on to what would happen to their family dog while they are away. It's a Boston Bull, and according to Sid, simply loaded with grey matter. In proof of this, he told us of an incident that occurred soon after it came to live with them.

It was a chilly winter time, and one very chilly night he heard the dog get out of its basket, patter through the house, push open the bedroom door, and coming round to his side of the bed, whine and scramble to attract attention. Very sensibly, Sid shut his eyes tight and feigned deep sleep. Finally the animal gave him up in disgust, and going round to the other side, repeated the whining and jumping up, until his wife struggled out of bed.

She opened the front door to let it out, but the beast wasn't having any. It just crouched in the hall and refused to stir. Mystified, she went back to bed.

On the next night, which was also a cold one, exactly the same thing happened, with the dog crouching in exactly the same place in the hall. Helen noted that it was just under the thermostat and on impulse turned in up a little so that the furnace switched on. Immediately the dog wagged its tail and trotted off to the bathroom where there was a big hot air register. Lying down, he basked in the flow of warm air, perfectly content.

It has been that way in the Roberts' home ever since. Whenever the dog gets chilly it just goes to the thermostat and whines for a shot of hot air. Sure animals can reason, to a limited extent.

Jet Planes

Members of the Victoria Chamber of Commerce recently discussed the length of the runways at Patricia Bay Airport in relation to their use by large jet-propelled passenger aircraft. An official of Air Canada explained that the large DC8's can land here but the runways are too short for a takeoff with a full load. He expressed the view that extension of the runways to permit of their use by large passenger aircraft may be a long way in the future. Many residents of North Saanich and Sidney will devoutly hope that the runways will be left as they are for many years.

Only real objection to the use here of the large jetplanes is the noise which they create. Continual use of Patricia Bay Airport by such aircraft would detract seriously from happy living conditions in the area.

It is true that Air Canada is now completing a program of turning all its aircraft into jets. But the jet planes which serve this area in the future can be much smaller than the big mainliners with a consequent reduction in the noise factor.

Let us have frequent and modern air service to Patricia Bay Airport. But at the same time let us hope that every effort will be made to keep the noise level as low as possible.

Flag Day

Members of Sidney town council were right last week when they disregarded a plea from an Ontario man urging that endorsement should be given to setting aside a day in February as a public holiday to mark Canada's "Flag Day". Few residents of this area, we are certain, could see much merit in the proposal.

Already business houses across Canada are plagued with a surfeit of holidays. And in every case employees must be paid while they are celebrating the various holidays. These holidays, of course, are in addition to the annual vacations to which every employee is quite properly entitled.

Every year business houses are closed for New Year's Day, Good Friday, Victoria Day, Dominion Day, Labor Day, Armistice Day, Christmas Day and Boxing Day. In addition to these holidays, some businesses are obliged to observe additional days when all activities are suspended.

We have never been able to fully comprehend just what justification there is in observing Boxing Day as a statutory holiday. And until this mystery is resolved, there is little point to adding an additional Flag Day holiday to Canada's roster.

Every holiday which is added to the already full list can have little effect other than raising still further the costs of goods and services in Canada.

LETTERS

TRADE UNIONS
I am not impressed with Mr. Durrow's defence of the International Trade Unions.

There is one point that he either overlooks or is ignorant of. In the year 1963, \$23,000,000 was sent to the United States by our Canadian Internationals. Had that money been kept in Canada and invested wisely in Canadian industry of Government bonds, our Canadian Unions would be in a very good position in a few years to fight any attempt at intimidation or aggression. Now \$11,000,000 is quite a lot of profit.

As to the inability of the Canadian Trade Unions to fight "the Bosses", may I point out that the C.B.I.U. and O.T.W. is wholly Canadian. Started in 1908 by a gentleman in the Maritimes, it not only has grown larger but infinitely stronger.

In point of fact Canadian work-

ers do not need protection from the U.S.A. in trade union matters or anything else.

H.A. MACLEOD
9488 Lochside Dr.,
Sidney, B.C.

BABY SEALS
At this time of year the cruel butchery of baby seals has again been taking place in Canada's Gulf of St. Lawrence. Last year many residents of Sidney joined with thousands of other compassionate people across Canada in sending protest cards to the Prime Minister. Thanks to the efforts of animal welfare societies and conservation groups, supported by a vast public outcry, the following improvements have been effected:

- An end to hooded seal hunting in the "Gulf".
- An end to hunting of adult seals with .22 calibre rifles.
- An end to removing live baby seals from the ice to be used as playthings as they slowly starve to death.
- An end to hunting of seals,

Reflections From the Past

(TAKEN FROM THE EARLY FILES OF THE REVIEW)

5 YEARS AGO

With only four dissentient votes a public meeting in the Legion Hall on Thursday evening last week authorized the circulation of a petition through Deep Cove and Patricia Bay calling for the establishment of the Deep Cove Waterworks District. The hall was packed and dozens of ratepayers were standing in the rear during the discussions.

Mr. and Mrs. C.C. Miller of 9724 Third St., Sidney, celebrated their golden wedding anniversary last week. The couple was married in Moose Jaw, Saskatchewan.

School needs at Salt Spring Island are to be surveyed immediately with a view to the presentation of school building bylaw.

Vocational school is not sought in the Saanich School District, trustees of the district have agreed.

On the occasion of their 50th wedding anniversary, Mr. and Mrs. Mason C. Sands of Sands Funeral Chapels, entertained their staff on Saturday.

No fire hazard is in existence at the Keating school, reports Central Saanich fire chief C.E. Rowles. Not only is the school carefully inspected every two months and usually on a monthly basis, said the fire chief, but an emergency evacuation practice is carried out regularly.

Sidney sculptor-painter John Ritchel, Lands End Road, has been awarded a \$3,000 Canada Council Research Grant in the technique of applying glazed color to surfaces in metal sculpture.

10 YEARS AGO

Tax requirements in Saanich School District this year show a marked rise over last year's figures. As in previous years, the major share of the district's financing is borne by the largest unit, Sidney village and North Saanich unorganized territory.

Last major project on the walls supplying Sidney Waterworks District is nearing completion. The last well to receive its concrete lining is located off East Saanich Road in the watershed property to the southeast of Patricia Bay Airport.

March 6 marked the official opening of the completed Brentwood School with the staff members and the Parent-Teacher Association acting as hosts to parents and friends.

Public meeting held on Mayne Island March 13 called upon Minister of Highways P.A. Gagliardi to accept the plebiscite conducted on the islands recently and to take the necessary action to ensure that the mainland ferry service from the islands is maintained without danger of a break in the operation of the Lady Rose.

On Tuesday evening next week Samscha members will be asked to approve an immediate start on the long-awaited community hall for Sidney and North Saanich.

25 YEARS AGO

N. Collison, sales manager of the National Motor Co. Ltd., Victoria, said in an interview with The Review that just as

at night, in the "Gulf". According to the New Brunswick S.P.C.A., however, such amendments do not even come close to making the annual seal hunt humane, and Mr. Brian Davies of this organization is spearheading a movement to ask the Government at Ottawa "to declare the Gulf of St. Lawrence a sanctuary for harp seals, and by doing so to end the brutal seal hunt; also that alternative modes of employment be found for those men who will suffer loss of income when seal hunting is abolished".

The New Brunswick S.P.C.A. wants one million protests for Ottawa. We have a petition started in our store and we hope it will prove to be a long one, with many, many signatures. We also have on hand additional petition sheets available for any who care to canvas in this cause. We would like to point out that there is a difference between the "hood" seal (already protected) and the "harp" seal, for which latter the petition is intended. Also the fact that only Canadians hunt in Gulf of St. Lawrence waters. For seal hunting in outside waters it is hoped that Canada will at least take the lead in introducing more humane methods of killing, and establishing quotas.

Yours very truly,
Mr. and Mrs. R.F. Cornish
P.S. Donations should be sent direct to New Brunswick S.P.C.A., P.O. Box 1011, Fredericton, N.B.

Water Distribution

Continued from Page 1

mostly for the most part on its wells; Northern Saanich it seems uses its maximum right of 100,000 gallons per day from Central Saanich. The ferry system could receive adequate water at Tsawwassen if not at Swartz Bay, and Piers Island is believed to be serviced by Central Saanich as well. And many residents are self sufficient on their own supplies and may not want a public water supply.

And in 1966, the best year in our records for selling water, the levels of Beaver-Elk Lakes held up satisfactorily which would suggest the imminent inadequacy of water supply is only in the Central Saanich pipeline system.

The water levels of Beaver-Elk Lake are controlled now by the City of Victoria with the levels raised twenty-four inches during the winter so that after water is removed by evaporation and by Central Saanich during the spring and summer months the lake level is still satisfactory for recreation, still where it used to be before the City raised the level two feet to compensate for the water used by Northern Saanich.

Current and recent newspaper releases, relating to water shortages suggest however, that the

District should obtain more factual information on the present system and Northern Saanich water demands which can only be supplied by their water departments. Central Saanich has agreed to do so.

THE FUTURE: Northern Saanich Water Supply

There is no doubt that the District should supply this area, it is only a question of time and money. And in considering both of these the following points are pertinent.

a) The people of Northern Saanich have water now, only those who are yet to come and who settle in areas with a distribution system will necessitate a District supply. Development of these areas could wait or could slow down for four or five years for there is ample room for expansion in the Municipality of Saanich. A ballot of the people now resident in Northern Saanich might even indicate a lack of interest in a District supply from either a cost viewpoint or a desire to retain the rural atmosphere.

b) There are less than 6,500 persons on the water system in Northern Saanich now, and it would cost about \$2,500,000 for the District to supply them or \$400 per person (\$1,600 per household). A disproportionate figure when compared to construction of the Sooke Tunnel where the District is proceeding carefully in a financial sense with a \$5,600,000 tunnel for 165,000 persons or \$40 per person (or \$160 per household).

c) The cost of the District supply line is only the beginning, the widely dispersed areas would have expensive laterals to construct as well; areas such as Brentwood would have to come two miles with a pipeline to the District line.

d) The supply of water can be as constructive to the development of an area as zoning and can be used as zoning control. The Board could consider the advisability of opening new lands to residential development while there is still ample room for growth in the areas already serviced. The supply of water to Northern Saanich could well create as many or more problems than it solves.

e) Whatever the necessity for a water supply the District cannot raise the funds before 1974 without increasing the water rate by some 40 percent. However, by 1972 the District should be in a position to partially finance a pipeline to Northern Saanich and by 1974-5 water demands in the Municipality of Saanich could increase to a point where a substantial portion of the capital cost could be absorbed by the District since Saanich is a Member Municipality, thus reducing the costs chargeable to Northern Saanich to an amount that could be assumed by their water customers.

f) In the offing is the cancellation of the Districts and the City of Victoria's water rights. In the case of Beaver-Elk Lakes these rights may be proportioned back, with so much water for Northern Saanich the remainder for recreation. This proportion is an unknown factor now, but in any case, low lake levels would occur only in the latter part of the summer, only after a very hot summer or possibly twice in the next eight years. The cost of a large pipeline would be an expensive way of countering a total of three months downgrading of recreation in this eight year period, and a lot of beach could be extended to lower water levels for a fraction of one year's interest on \$2,500,000.

g) Since once the right-of-ways are acquired the pipeline can be built within a 12 month period, construction of a pipeline can be delayed in any case until the need is absolutely imperative. A quicker, cheaper, but less desirable alternative is always possible, where the District pipeline would end at the south end of Beaver Lake there to spill water into the lake when necessary to keep the level up. This would not relieve the situation until Central Saanich expended their system to meet the demands of the other areas such as Brentwood, etc.

h) The route of the pipeline has been chosen by the District as most suitable for itself and the Municipality of Saanich. Northern Saanich areas should have the opportunity to individually or collectively state their objections of acceptance to the route. The route chosen is the worst possible for Brentwood, the best for Sidney and all the Eastern section of Central and Northern Saanich.

All the foregoing was discussed for two hours with a delegation headed by Reeve Lee from Central Saanich, and it can be stated that their expressed opinion was, that while the present system is believed adequate until 1970/71, it is the few years between 1971 and 1974, the date the District expected to install the pipeline, that was of grave concern. There would appear to be a minimum of four years leeway, before a pipeline to Northern Saanich is required.

It is therefore recommended that:

- The District start collecting as much operating data as possible from Central and Northern Saanich Water Systems.
- The corporations in Northern Saanich concerned with water supply be supplied with the intended pipeline route and have three months to register

Family Worship... 10:00 a.m.
Evening Service... 7:00 p.m.

Lies surround the death and resurrection of Christ. The charges that led to His death were lies from the lips of them that feared Him. They were afraid to let Him live for He was gaining a greater following than they were and they were jealous. On the other hand they were afraid to put Him to death because they had heard that He would arise from the dead and they feared His resurrection. Therefore they had the army post a guard over the tomb to stop any who would steal the body and claim a resurrection and when He did arise from the dead they paid these same guards to lie and claim that they fell asleep and the body was really stolen.

Why all this fear? Why blind themselves from the death and resurrection? Just this - the knowledge of sin and man's inability to help himself in it and secondly man's pride that will not let himself acknowledge Christ to be God, the perfect sacrifice for man's sin. Ignore both sin and the Saviour and conscience will not plague you and you can enjoy this life better but remember that after this life there is an eternity. Only as we have listened to God's Word, believed in His Son as our Saviour and followed His teaching will we find real peace with Him. If Christ had not died, or had not risen from the dead then all that the church stands on and for, is gone and Satan would be victorious. So lies are planted to weaken the church and to stand in the way of sinners being saved.

ATTENTION CHILDREN

Welcome To Our Easter Vacation

ASSEMBLY OF GOD CHURCH
9182 East Saanich Rd. Phone 656-2545

any objections to this route. 3. The District obtain costs from various British Columbia Land Surveyors, for the surveying and legal posting of the entire right-of-way, including the supplying of all plans and descriptions required for registration in the District's name, or where agreed as

public road in Saanich's name. This work be awarded in June for completion by November 1967.

4. The District and the City of Victoria agree on the price for the right-of-way through Beaver-Elk Lake land, with payment including interest to be paid in 1968/69.

Galiano Centennial Project Accepted

Galiano Island has received approval of its centennial project, a carved relief map of the island. The map is to cost \$1,200.

Approval of the Honorable Judy LaMarsh, Secretary of State and federal minister responsible for centennial affairs, the Honorable W.D. Black, provincial secretary of British Columbia and minister responsible for centennial

activities in B.C. and L.J. Wallace, general chairman of the Canadian Confederation Centennial Committee of British Columbia, was granted.

Federal-provincial government support for the project totals \$592, while Galiano is throwing in the other \$608.

The green, white, red flag of Mexico contains the portrait of an eagle and cactus.

THE GULF ISLANDS

GALIANO

Flight - Lieutenant Gordon Hovey, R.C.A.F., Ottawa, spent a few days last week with Mr. and Mrs. J.P. Hume. Mrs. Millie Robson, of Mayne Island, spent a short holiday with her son and daughter-in-law, Mr. and Mrs. F.E. Robson. Mr. and Mrs. G. Crawshaw, of Campbell River, are spending a few days with parents, Mr. and Mrs. Wilf. Graham. On Sunday they also had visitors from Victoria; Misses. Rene Letellier and Denja Strang, Wayne Christianson and Lloyd Stevenson. Mr. and Mrs. G. Tully, of Chilliwack, have spent the past week with Mrs. Tully's mother, Mrs. I.A. Murphy. Dr. and Mrs. Gilbert Kennedy, of Victoria, spent the weekend at their home overlooking Active Pass. Mrs. Clara Sater and son, Erling, of Vancouver, spent the weekend at their home on the Island. Miss Jane Bambrick, of Victoria, came over to visit her parents Mr. and Mrs. E.J. Bambrick, and brother, Bob.

PENDER

On St. Patrick's Day, the Ladies' Guild of St. Peter's of Pender Island held their March meeting at the home of Mrs. R. Beech, with 17 members present. They planned the Spring Tea, and the Easter decoration of the church. A very enjoyable afternoon was concluded with refreshments served by the hostesses.

Mr. and Mrs. Paul Estelle have been spending the weekend in Victoria, visiting relatives.

Mr. and Mrs. R. Wilson, and family, are at Shangri-la, with Mrs. Walter White as their house-guest, also from Victoria.

Mrs. E.G. Fralic is a patient in the Gorge Hospital, Victoria.

On South Pender, Mr. H.A. Spalding, and son, John, have gone to Summerland, to stay with the David Spaldings there.

Legion Ladies Auxiliary Hold Anniversary At Ganges

A happy atmosphere was found in the Royal Canadian Legion Hall March 17 when the Ladies Auxiliary of the Royal Canadian Legion (Branch 92) held their 20th anniversary of the auxiliary's charter.

Mrs. M. Deane Freeman, provincial president of the Legion Auxiliaries in 1947 who installed the local charter members 20 years ago, was guest of honor at the party. Mrs. Freeman who resides at Bridge River in the Cariboo was accompanied by Mrs. Florence Hodges of Quesnel who travelled 500 miles to be present for the occasion.

Mrs. C.W. Archer, president of the L.A., welcomed the guest, Mrs. Cecil Springford, 1st president of the L.A. and Mrs. J.B. Acland 2nd president, were special guests as well as other past presidents and charter members.

A lovely arrangement of purple Dutch irises and yellow chrysanthemums in a low green bowl centred the laced covered coffee table flanked by yellow tapers in silver candlesticks. The white and yellow iced anniversary cake was cut by Mrs. Springford.

Eight of the past 12 presidents of the L.A. who were present for the party were Mrs. Springford, Mrs. Acland, Mrs. A.M. Brown, Mrs. A.W. Wolfe-Milner, Mrs. E. Booth, Mrs. A. Ashby, Mrs. F.W. Kirkham and Mrs. H. Emerslund. Other past presidents unable to attend were Mrs. Colin Mouat, Mrs. Peter Cartwright, Mrs. Audrey Jackson and Mrs. Lacy Campbell.

Charter members present at

Red Cross Seeks Funds

Campaign for the Red Cross is now underway on Mayne Island. Canvassers have volunteered and have been allotted their areas. They can identify themselves and the community has been asked to contribute as generously as possible.

A receipt is given by the canvassers for all donations, and is deductible as a charitable donation on income tax returns.

the party were Mrs. Acland, Mrs. Springford, Mrs. A. Francis, Mrs. W.A. Mailey, Mrs. A.E. Duke, Mrs. I.B. Devine, Mrs. Mac Mouat and Mrs. R. Eberts, Victoria.

Mrs. R.T. Cook was convenor for the successful and enjoyable anniversary party. Mrs. N. Skelton, at the door, presented each charter member and past president with a dainty yellow daffodil and blue boutonniere.

GANGES

Visiting Rev. E.W. MacQuarrie and Mrs. MacQuarrie for Easter are their daughters, Misses Mayilyn and Margaret MacQuarrie, Victoria; also Doctor and Mrs. E.L. Jarvis and family, Seattle.

Mr. and Mrs. Zenon Kropinski returned home Sunday after an enjoyable months holiday. They spent some time in Mazatlan and Guadalajara, Mexico. En route by bus they stopped off at San Diego, Los Angeles and San Francisco and also visited Disneyland.

Wing Commander John Crofton, R.C.A.F. and Mrs. Crofton, Edmonton with their three sons Desmond, Kevin and Neil arrive Wednesday to spend a week with Wing Commander's father, Lieut. Col. Desmond Crofton.

Mrs. M. Deane Freeman, Bridge River, Cariboo was the guest for several days of Mrs. J.B. Acland, Baker Road.

Mrs. R. Eberts, Victoria returned home after spending a few days with her parents, Mr. and Mrs. Harry Loosemore, Churchill Road.

Mr. and Mrs. Ralph Hall, North Vancouver are spending the Easter holidays with Mrs. Hall's mother, Mrs. Gladys Bidwell.

Mrs. R.T. Cook, Vesuvius Bay is spending a week in West Vancouver with her brother-in-law and sister-in-law, Mr. and Mrs. C.N. Cook.

Mrs. Mary Berbuntz, Simcoe, Ontario returned home after spending a week with her brother and sister-in-law Mr. and Mrs. Michael Sober, Beddis Road.

Salt Spring Island Lions attending the Lions Spring Conference at the Royal Towers, New Westminster were Mr. and Mrs. Hart

MAYNE

Mr. and Mrs. Hank Shaw and their family were welcomed on their arrival at Mayne Island. The children include Darlene, Angus, Heather, Pauline and Catherine. The Shaws are from Vancouver and now reside on Dickson Road.

Ivy Slinn was off the island for 10 days visiting friends in Nanaimo and a son and daughter-in-law and family at North Vancouver.

Stu and Betty Fry of Coquitlam are spending a few days at their summer home at Cherry Tree Bay. Betty had done a good job of recovering the sofa in a gay chintz.

Assistant lightkeeper, Rudy Grunert, and his wife are away on holidays. Don Vigurs is relieving in his absence.

Gary Gallant of Richmond spent a few days at his summer home on Bayview Drive.

Lots of activity on the island in preparation for the Easter Bazaar to be held Saturday March 25th. A good attendance is hoped for. There will be many interesting items for sale.

Mrs. Ruth Burgess, Horton Day Road, is the new Avon representative on the island. Her phone number is 530-2286.

Successful Supper Held

Ladies Auxiliary to A.N. & A.F. Veterans No. 302 Sidney, held a most successful Pot Luck Supper in St. Andrew's Hall recently, when 210 guests were entertained. Convenor was Mrs. C. Sluggott assisted by Mrs. R. Elliott co-convenor. The door prize was won by Mrs. A. Nuto, Victoria while the Tombola was won by Hugh Robertson of Sidney.

Wild Life Films Shown At Meeting

The Farmers' Institute Meeting on Pender Island was open to all persons March 16 when Alan Brook, guest speaker, put on an exceedingly informative and most entertaining program of color-photographs of wild life on this Island, and also in Kew Gardens, London, England.

Mr. Brook was introduced by the president, John Smith, and his pictures were accompanied by a commentary as they were shown.

Mr. Brook stressed the value of the first clearing work done on the Island by the pioneers, and pointed out the need for conservation of the field and forest areas that they had set aside. Some of the cleared fields, he said, were being allowed to become overgrown by bush, and should be recovered. Also, he pointed out the value and beauty of Island forest growth, and urged that valuable trees should be retained.

Some of the pictures of wild animal life of birds and small Island wild-life were breath-taking in their dramatic beauty.

Part two of his program showed the World Garden, at Kew, in England and the continuous research carried on by botanists there in cataloguing species of vegetation from all over the world.

Finally, he spoke of the dangers, even here, of air pollution, and deplored the panic caused to cattle by low-flying jet-planes.

Mr. Smith expressed the gratitude of all present for Mr. Brook's program, and the evening closed with refreshments.

Bradley, Mr. and Mrs. Irl Bradley, Mr. and Mrs. Stanley Sage, Mr. and Mrs. E.H. Gear, Desmond Crofton, Eric Faure, Percy Jones, Fred Rhodes. They were joined by Jake Barker, Burnaby who is still a member of the S.S.I. Lions.

KELLY'S CORNER

On The Island Of Saturna

Well, old Ricky-tick is still in the hospital, but I hope that by the time this paper is out, that he'll be well enough to bring home. Things sure don't seem right around here without him, it's like a jigsaw puzzle with a piece missing! The novelty has worn off for him too and now he's anxious to come home? Well, enough of that, but before I go on to other things I'd certainly like to express my appreciation to the wonderful letters of inquiry I received in regard to Ricky, it was kind of them to take the time and trouble to write. Also, good old Captain Carter, bless his soul, who made sure I made connections with the Fulford ferry, on one of my many trips to visit Ricky, and the kind crew on the Fulford ferry who helped with the two little ones. There have been many people who have been helpful in the last little while and I thank them all!

Mr. and Mrs. Robert Hindmarch saw their daughter, Gladys Marie Hindmarch, wed Clifford Andstein on February 17th, in Vancouver.

The ceremony took place at the home of Dr. and Mrs. Warren Tallman with plumblossoms and budding tulips from Saturna decorating the residence in the glow of candlelight. Rev. James McKibbin officiated with Father Gerald Stanley giving the blessing. Mr. Robin Blazer, an American poet, an associate professor at Simon Fraser University, read a marriage poem which he had composed and dedicated to the young couple.

Annual convention of the Association of Vancouver Island Municipalities is scheduled for June 2 at Powell River.

After the ceremony, Dr. Tallman proposed a champagne toast to the bride and groom and each guest was served refreshments with the piece of the Black Forest wedding cake.

The bride wore a white and floral dress with one single gardenia for her bridal bouquet. Gladys' sister, Mary Hindmarch was her bridesmaid and Jack Lewis, best man.

At the party that followed were a number of members of the Simon Fraser, Vancouver City College, and U.B.C. English faculty, artists, writers and other friends and associates. Later, Clifford and Gladys left for their honeymoon at Manana Lodge.

On February 25th, at Manana Lodge, a party was held where relatives and family friends from Campbell River to Victoria and the mainland gathered to wish them well.

Dou Patton of Ladysmith proposed the toast and Bill Keserick of Duncan performed as master of ceremonies. They had a very enjoyable time. Gladys met Clifford when he was a student at Vancouver City College after a five year stint in the RCAF. She is still teaching there while Clifford is now a student at Simon Fraser University.

Mrs. E.W. Andstein of Fredericton, New Brunswick, came out for the wedding, but had the misfortune of being delayed by her train which was derailed outside of Winnipeg. She then had to travel by bus to Winnipeg and carry on from there by train. This was her first trip across Canada and certainly proved to be an exciting one!

We wish Gladys and Clifford all the best of health and happiness in the coming years.
Hello, Miss Douglas!

NOTICE TO EMPLOYERS AND EMPLOYEES IN AGRICULTURE AND HORTICULTURE

UNEMPLOYMENT INSURANCE WILL, AS
OF APRIL 1st, 1967, COVER EMPLOYEES OF
FARMS • RANCHES • NURSERIES
GREENHOUSES • FRUIT, VEGETABLE,
FLOWER GROWERS.

EMPLOYERS

ASK FOR THE PAMPHLET — If you have not already received a pamphlet describing your obligations as an employer under this new programme, obtain one immediately from the Unemployment Insurance Commission.

REGISTER AS AN EMPLOYER — As soon as possible you should register at the nearest office of the Unemployment Insurance Commission. This is important because unemployment insurance is compulsory if you hire workers.

LICENCE TO PURCHASE STAMPS — After registration, if you have insurable employees the Commission will send you a licence to purchase unemployment insurance stamps and additional necessary information as to the insurability of your employees, contributions to be paid, how to affix stamps in your employees' books, records you must keep, etc.

EMPLOYEES

FIND OUT IF YOU ARE INSURABLE — Consult your nearest Unemployment Insurance Commission office to find out if you are insurable. Under the programme, some employees are not insurable.

SOCIAL INSURANCE NUMBER — Every insurable employee must have one. Application forms can be obtained at Unemployment Insurance Commission offices and most Post Offices.

Complete the form and mail it to an Unemployment Insurance Commission office. There is no charge for it.

UNEMPLOYMENT INSURANCE BOOK — If you are insurable you are required to have such a book, which may be obtained from the nearest office of the Unemployment Insurance Commission. You simply have to give your full name, date of birth and Social Insurance Number. There is no charge for it.

UNEMPLOYMENT INSURANCE COMMISSION
GOVERNMENT OF CANADA

A great day to discover how little long distance costs

On this special day the voices of loved ones, perhaps from hundreds of miles away, have a special place in our hearts. Memories are sharpened, experiences recaptured. It is a day when togetherness means so much and—as always with B.C. TEL—costs so little.

Now a student son or daughter away at college can afford a long distance call home (especially if they call "collect"!). Long distance rates are among the very few items of personal expenditures which, over the years, have lagged far behind the general rise in other living costs. In fact, many long distance calls actually cost less in dollars and cents today than 10 years ago. Moreover, after 6 pm and all day Sunday they are cheaper by about one-fifth.

Check the rates yourself in your telephone book or dial "0" and ask the operator. You'll be surprised how little it costs to

enjoy "the next best thing to being there." Here, for example, are a few current charges:

VANCOUVER—PRINCE GEORGE.....\$1.35
NEW WESTMINSTER—CALGARY.....\$1.50
VICTORIA—TORONTO.....\$1.95
(Evening, station-to-station calls, first 3 minutes)

On this important day of the year there's more reason than ever to use Long Distance for all it's worth!

Soccer Commercial

Sidney Hotel dropped a 2-1 decision Sunday at Sanscha Grounds against the Gorge team. Scoring for Sidney was Carl Olsen, while Doug Fieldhouse and Dave Sheldrick scored for the visitors.

Next weekend Sidney plays in the All-Indian Soccer Tournament at Hampton Park in Victoria. Their first game in the round-robin event is against Sliammon Braves, last year's champions of the tournament.

Juvenile

Sidney's entry in the juvenile division of the Greater Victoria Soccer League are out of the playoffs after missing two consecutive games. Coach Joe Steinicke said the team folded because of a lack of interest among the players and a lack of transportation by the parents.

Penny League

Sidney penny leaguers suffered their second defeat in division eight soccer play when they lost 2-0 on Saturday. Lansdowne were much quicker on the ball than Sidney in a very fast moving first half and deserved their 2-0 lead.

There was no scoring in the second half as Sidney settled down and with good efforts from half backs Carl Ovcharick and Andrew Roberts, they began to control much of the midfield play. Sidney continued to press right up until the last moment of play, but tight defensive play by Lansdowne preserved their seventh shutout in eight games.

Elks Hold Bowlerama

Sidney Elks Lodge's second annual Bowlerama is to be held at Sidney Bowling Lanes Sunday April 2. It's open to men and ladies, and they may choose their own time to bowl, starting at 9 a.m. and going until the finals in the evening.

Contestants will bowl eight games and will be allowed an 80% handicap based on a scratch score of 250. The entry fee is \$5.00 and after alloy expenses, the proceeds will be divided between the Elks' Purple Cross Fund and prize money.

Organizers are hoping for 100 entries, which would mean \$150 in prize money divided on a percentage basis to the four top bowlers. Numerous prizes donated by Sidney merchants will also be offered.

In the past few months Sidney Elks, through the Purple Cross Fund, have been responsible for providing prescription glasses to three local children and they also paid the cost of a throat operation and subsequent speech therapy for another child.

Proceeds from the Bowlerama is one of Sidney Lodge's contributions to maintain the fund for future assistance to needy children throughout Canada.

Re-Elected

General meeting and election of officers of the Pender Island Hall Executive was held March 13 and P.H. Grimmer was re-elected president. Mrs. Max Allan was re-elected secretary and Miss Joan Purchase was re-elected treasurer.

Mr. Grimmer reported on recent repairs carried out and thanked members of the executive for their work during the past year. A committee of three was also elected. The trio includes Norman Haslam, Mrs. E. Bowerman and Mrs. W. Bradley. J.B. Bridge is to continue as auditor.

High School Sports

School district No. 63 was well represented in the eight-team Lower Island Invitational Girls' Basketball Tournament last Saturday in Victoria. Royal Oak placed second in the competitions, and North Saanich third. Central Junior High School (Victoria) won the event.

North Saanich lost their first game to the winners by a score of 25-4. With the loss of this game, the girls played for the consolation plaque. They defeated Oak Bay 13-10 and next met Lake Cowichan.

At the end of the first half, Lake Cowichan was leading 10-5, but the North Saanich girls came from behind to post a 20-13 victory. Top scorers for North Saanich were Lorraine Benn with eight points and Gill Lawrence with seven.

North Saanich received a plaque for its third place finish. It's the first time the school has received a sports' plaque. In rugby news, North Saanich Secondary School travelled to play the top junior school, Colquitz, in Victoria. North Saanich won 8-0.

Victoria Wins Hoop Tourney

A centennial tournament, sponsored by the Saanich Peninsula Basketball Association was held last Saturday at Mount Newton High School. Victoria midget boys and girls basketball teams won the Vancouver Island championships when Metropolitans took the boys title with a 55-27 victory over Duncan in the finals and First United girls beat Brentwood 25-21 in a closely contested game.

Centennial plaques were awarded to the winning teams and to Willa Duclos of Nanaimo and Don Fielden of Duncan for the free throw competition. All players received centennial medallions. Nanaimo won both consolation finals defeating Cumberland in both cases. The boys won 23-28 and the girls 33-14. Duncan girls and Cordova Bay boys finished last in the competition.

Galiano Club Holds First Meeting

The first executive meeting of The Galiano Club was held in the Board Room at Galiano Hall on March 15th. President Mrs. Margaret Robson in the Chair. There was a full attendance of the new members of the executive, to attend to the full agenda of business. It was decided to have a large floodlight installed at the main entrance of the Hall, to enable people to see better getting in and out of their cars.

Tom Carolan was named as chief auctioneer for the gigantic Auction to be held in the Hall on April 1. Proceeds of this will be shared with the Volunteer Fire Dept., and Club share will be used for the new floor fund. There was a lengthy discussion

Teachers shown at workshop table last week at McTavish School include (reading clock-wise) Peter Mergens of Beaver Lake School. Michael Whittier of McTavish School (standing), Harold Rilikoff, a student-teacher at University of Victoria, Miss Heather Currie and Mrs. Marie Harwood of Elk Lake, Miss Charmaine Armstrong of Brentwood and Mrs. Ida Reid of Royal Oak.

Beer Bottles, Paper Cups Used In Teacher Workshop

Beer bottles, plastic bottle caps, paper cups and other every day objects were the materials used by instructors at an elementary science workshop held at McTavish Road elementary school March 15 and 16.

Purpose of the workshop was to show district elementary teachers some recent developments in theories of suitable teaching methods of teaching science at the lower grade levels. Everyday objects were used wherever possible.

F.A. McLellan, district superintendent, briefly welcomed the group and explained the purpose of the workshop.

Following Mr. McLellan's address, four district teachers gave demonstrations of new teaching methods with the other teachers taking the part of a class and actively participating in the work as it was explained.

Demonstrations included ex-

Tennis

Proposed series of "Instructive tennis" sponsored by Saanich Community Club at Centennial Park in May and June was approved by Central Saanich council last Monday.

After Launching

Pictured above just after its launching Thursday is the 36-foot Commander craft Hale Kai, owned by Charles White and Col. R. Bull, both of Ardmore Drive.

Hale Kai Launched At Canoe Cove Marina

Some 40 people were on hand March 16 for the launching of the Hale Kai, a 36-foot Commander twin 210 Chrysler owned jointly by Charles White and Col. R. Bull of Ardmore Drive.

Mrs. White and Mrs. Bull performed the official launching by smashing the bottle of champagne against the bow.

Mr. White, founder and owner of the Undersea Gardens at Oak Bay, said the boat will be used for both business and pleasure. "It has special circulating pumps on the bottom to collect octopus, sharks and other undersea specimens which will be added to the Undersea Gardens at Oak Bay and Seattle."

"Col. Bull and myself have done this before with our former boat, but this is a more modern craft. We got the idea for it while our families were on vacation in Hawaii. Hale Kai is an Hawaiian term meaning House On the Sea."

The boat was built at Canoe Cove Marina and is 807 fibre glass. It has a cruising speed of 16 knots and a top speed of 23 1/2 knots. It sleeps eight, and has wall-to-wall carpeting.

Teachers In Class

Gore Park Bylaw Given Three Readings

Bylaw to dedicate Gore Park for the enjoyment of the general public in perpetuity was introduced and given three readings at the meeting of Central Saanich council last Monday.

The 16.75 acre park situated between Wallace Drive and Benvenuto Road is in its natural state. Earlier in the meeting Councillor Harold Andrew had been authorized by council to restore a notice prohibiting the picking of the many wild flowers that abound in the park.

Letter from Mrs. J.T. McKevitt was read suggesting that the name of the park might be changed to Reith Park in memory of the late William Reith. She the property, which is adjacent to the proposed Brentwood Bay sewer installation. Proposals of the group taking the option depend on the availability of sewer facilities, said Mr. Potter. In reply to a question, he stated that development costs would be borne by the sub-dividers, "and would not cost the municipality a cent."

Development Proposed For Brentwood

Indication of a large scale housing development at Brentwood was given by consultant engineer Russell E. Potter at the meeting of Central Saanich council Monday night.

Some 86 acres of open land with a 1,000-foot frontage to Wallace Drive, and extending to Benvenuto Road, are involved in what would be a high class residential development, said Mr. Potter.

Public Work's Report Issued By Mayor

In his committee report to town council last week, Mayor A.W. Freeman, chairman of the public works committee, outlined the work discussed recently by the public works committee.

The sea wall at Tulista Park was discussed by the committee and it was recommended that the contractor be contacted with regard to the construction of the wall before further work is undertaken.

A petition referred to the committee by council concerning a request that the ditch on Malaview Ave. between Fifth St. and Resthaven Drive be filled was considered and the committee recommended that this request be considered in the overall drainage programme.

Concerning a request for more lights on Harbor Road, the public works committee recommended that B.C. Hydro be contacted and asked to make a survey of future requirements in this area. The survey is to be considered by council.

The beach area at the foot of First St. and Ocean Ave. was discussed by the committee and it was recommended that the works crew be instructed to clean the beach up.

The question of a ramp for the Health Centre was considered and it was recommended that council consult with North Saanich with regard to this development.

The disposition of that piece of road situated between the Safetyway property and Sleggs was

discussed and the committee recommended that council authorize Safetyway to develop this as a road allowance only and that the status of the road remain as it is at the present time.

Finally, the committee recommended that the works crew make weekly inspections of the pumping stations, and Hafer Brothers conduct annual examinations.

Council accepted all the committee's recommendations.

Death Calls Mrs. Oliver

Mrs. Anna Elise Oliver died March 13 at Aberdeen Private Hospital in Victoria. She was 86.

Mrs. Oliver lived at 11124 Chaleet Road before entering Aberdeen Hospital. She is survived by her daughter, Mrs. A.W. (Elise) Aylard of Sidney, and daughter-in-law Mrs. Miriam Oliver; also niece and nephew, Mr. and Mrs. E.I. Weatherly of Victoria and seven grandchildren.

Funeral services were held in Christ Church Cathedral Chapel on Quadra St., March 15, with Rev. R. Houlst officiating. Interment was at Royal Oak Burial Park.

McCall Bros. funeral directors were in charge of the arrangements.

SHE WALKS AND TALKS

She rounded the corner from Fourth St. to Beacon Ave. and stepped briskly along the otherwise deserted sidewalk. Probably in her early teens, this personable young lady held a box-like apparatus at the level of her hips; a small antenna identified the object as a walkie-talkie, and she was talking in a tone loud and clear:

"No, I can't see him anywhere...Oh, there he is. I see him crossing the road now."

Passing traffic and gathering distance obliterated further audibility, for she did not slacken pace. No doubt the subject of her search was duly rounded up farther up the street, and her success was reported through the medium of her unusual equipment.

The incident arouses interesting speculation. Will the walkie-talkie supplant the transistor radio as the popular teen-age craze?

Guns Of Navarone At Gem This Week

One of the greatest high adventure films ever filmed opens Thursday, March 23, at the Gem Theatre, Sidney for three days.

An epic episode of the second world war, entitled "The Guns of Navarone" was an instant best-selling novel. The film narrative has been acclaimed as a superb dramatization of the book.

According to report, the story of Allied commandos and Greek resistance fighters flames with unflagging excitement as a desperate raid on a German held island in the Aegean Sea is followed through to its tremendous climax.

Seven months in the making, with the full co-operation of the Greek government, "The Guns of Navarone" is dramatic in its conception and brilliant in its portrayal. Top-starring are Gregory Peck, David Niven and Anthony Quinn, with Stanley Baker, Anthony Quayle, Irene Papas and Gia Scala in support.

Mysteries of darkest Africa and the Africa of to-day are both brought to the screen in Joseph E. Levine's "Dignity", showing at the Gem Theatre for three

Reeves Critical Of Referendum Expected For July

Irate Directors of the Regional Board of the Capital District of B.C. voiced their displeasure last Wednesday because of the decision of the government to introduce a Bill to enlarge the jurisdiction of the Board without a previous consultation.

According to information before the meeting it is proposed to include the Gulf Islands within the capital region, and it was presumed that the outstanding indebtedness on account of the recently built Gulf Islands hospital would be assessed to the Board.

Peninsula reeves were outspoken in their condemnation of government procedure described by Central Saanich Reeve R.G. Lee as "arbitrary."

"The Board was granted letters patent for a territory from Lands End to Sooke, and now

we have this proposed extension without any prior knowledge given to the Directors," protested Reeve Lee.

"What is the regional board? Is it for the proper exercise of municipal authority, or merely a rubber stamp for the provincial government?" he questioned.

Reeve J.B. Cumming of North Saanich described the evident intention of the government as "an imposition."

"I feel that the promises that were made are not being carried out. The privileges of opting out, and making our own decisions are being eroded. Judging by newspaper reports, the question of hospital financing is being decided not by function of the regional board, but by the arbitrary decision of the provincial government," said Reeve Cumming.

Reeve Lee reported that Board chairman, Reeve Hugh Curtis, and his fellow directors were unanimous in protesting the action of the government, and that it was resolved that a deputation wait upon the minister to register dissatisfaction.

Referendum next July on the Brentwood sewerage bylaw was indicated by Reeve R.G. Lee at the meeting of Central Saanich council last Monday. He said that he had hoped it would be possible in April, but he now realized that he had been too optimistic.

Immediate attention will be caused, however, by the posting of official notice of the scheme on March 23. Any objection to the proposal must be lodged with the pollution control board within 30 days of the posting.

Consultant engineer Russell E. Potter told council that if there is a general acceptance of the scheme a public hearing may not be necessary. The decision rests with the pollution control board. It will be necessary to gain the approval of the department of municipal affairs before the \$480,000 bylaw is submitted to the ratepayers in the form of a referendum, said the reeve.

Main features of the scheme were outlined to council by Mr. Potter. Treatment plant, 38-feet in diameter with a 15-foot wall will be located in what is known as the ravine at the corner of the B.C. Hydro Authority

property near the old power plant. Outfall of 3,000 feet will discharge the effluent at a point 1,000 feet beyond Daphne Island.

Process of extended aeration will be employed. "I am satisfied that a good, clean effluent will result," said Mr. Potter. He described the appearance of the resultant fluid as "clear with a few dark specks."

No Contamination

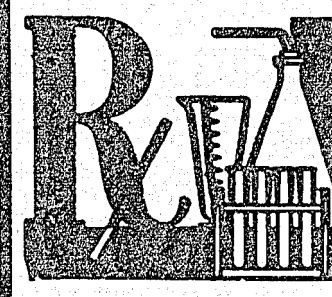

In reply to a question by Councillor A.M. Galbraith, he said that there will be no danger of shore contamination, neither will there be any nuisance visibility of the presence of effluent at the point of the outfall.

Formulated in accordance with the recommendations of the area

sewer survey, it is not expected that there will be any objection on the part of the pollution control board.

Design of the system is geared to a 20-year term, at which time it is expected that the area population will have reached 4,000. When this development is achieved it is proposed that the sewer lines will be connected to a proposed main trunk to carry the product to the east coast for discharge into Georgia Strait.

Area of present scheme extends roughly from Stelly's Cross Road, east of West Saanich Road, south to Marchant Road and west to Brentwood Heights, taking in the main centres of population.

Deep Cove Waterworks District

The Fourth Annual General Meeting of the Deep Cove Waterworks District will take place at 8 p.m. on March 31st, 1967 at the Royal Canadian Legion Hall on Mills Road, North Saanich.

The order of business at the said meeting will be:

- (1) Reading of the notice of meeting.
- (2) Adoption of minutes of the last Annual Meeting.
- (3) Presentation of the financial report for 1966.
- (4) The Trustees' annual report.
- (5) Election of two trustees.
- (6) Appointment of the auditor for 1967.
- (7) Any other business.
- (8) Adjournment.

Trustees J. Burt-Smith and F. N. Cabeldu retire by rotation, but offer themselves for re-election for a further three year term.

For The Board of Trustees.
Marjorie J. Smith, Secretary.

New Faces Appear In Drama Production

Many new faces appear in the cast of the forthcoming Peninsula Players' production, "Quality Street," although some are already well-known to the community in other fields than drama.

Among these is Maxine Thomas, who was a Sidney Princess in 1965, and John Thomas, a practised speech-maker in his 1964 High School graduating class. Also familiar to most of Sidney's feminine residents is Linda Harker, Bette Harker's daughter, who is following in her mother's footsteps as a hair-stylist. Another second-generation Peninsula Player is Margot Dixon, whose mother is

Margaret Dixon, one of the Play-ers' most talented actresses.

Elsie Procter, although new to the local group, has had previous stage experience; but the newest and most junior members of the cast are a bevy of children who appear in the schoolroom scene.

These young aspirants for dramatic honors are: Tammy Chandler, Paul Welle, Joanne Aylard, Laura Hall, Michael Bushby, and Tony Lawrence. All the newcomers are putting in long hours of rehearsal, and promise to give polished performances when the play is presented at the Kinsmen Hall, April 14th and 15th.

"At the moment there is no joint Sidney-North Saanich civil defence committee," commented councillor D.R. Cook, who is on the North Saanich civil defence committee. "I think this should be tabled for discussion." This motion was passed unanimously.

National Flag Recognition Day?

Proposal to make the Monday nearest February 15 national Flag Day and a statutory holiday was dismissed by North Saanich council Monday.

The proposal was sent to the council, as well as to other municipal councils across Canada, from the Township of Ancaster, Ontario.

"As the first resident to fly the new flag in North Saanich, I think the idea deserves support," said Councillor T.C.M. Davis.

"I can't agree," said Councillor Adams. "I look at the point of view of the employer and I think another statutory holiday would be too much."

"As a working man, I agree with Councillor Adams," commented Councillor D.R. Cook. "We all pay for it in the end anyhow. I think we should celebrate the new flag, but not by a statutory holiday."

Councillor Nell North satisfied everyone by saying it could be a flag-recognition day, but no holiday, and moved this motion. It was passed unanimously.
